

► Train your Entire Team

We come to your facility with materials, product and trainers—everything needed to hold training.

► Get Trained on All Irrigation Topics

From irrigation troubleshooting to central control, your staff will get the skills they need.

► Maximize your Investment

Learn the advanced controller programming features to save time, and money on your water bill.

Customized Training for Your Organization

Training brought to you by industry experts

"We chose to host training classes at our facility for the cost savings in travel expenses. It cost less to train the entire staff at our facility as compared to sending them to training at the Las Vegas event because of the travel expenses we would incur. This was definitely an important consideration for the City."

*Casey Bond
City of Sparks, NV*

Whether it's a day-long or multi-day training, Customized Training is the convenient and cost-effective way to get your entire team trained.

Each training event is customized to your unique needs using professionally developed materials delivered by industry-recognized experts. We train on all manufacturer brands using industry best practices. Our training never includes a sales pitch for Rain Bird products.

Plan Your Customized Training Event

COMPANY NAME <i>(write or type company name above)</i>		CITY	STATE
CONTACT NAME	CONTACT PHONE	CONTACT E-MAIL	

Where would you like to hold the training? <i>(please indicate the city and state, and type of facility e.g. your office or store, or hotel)</i>	
When would you like to hold the training? <i>(please list specific dates)</i>	
How many people do you anticipate in the class?	Who will be attending? <i>(e.g. employees, customers)</i>
What is your goal with the training? <i>(e.g. I want my team to learn specific troubleshooting techniques with residential controllers - or- I want my customers to learn how to operate their central control system.)</i>	
What is your budget for this event? How many consecutive days can you hold training? <i>(The more training days, the more you save on the per day cost.)</i>	
How would you like to pay for training? <i>(e.g. Agency Rewards points or Maxicom Dollars)</i>	Member ID#

CHOOSE THE TOPICS YOU WOULD LIKE TO COVER AT THIS EVENT.
